COUNTY MANAGER'S RECOMMENDATION OR COMMENTS:

SUMMARY OF INFORMATION:

On September 28, 2015, the Forsyth County Board of Commissioners adopted a Resolution authorizing \$2,350,000 in County funds to be reserved from General Fund fund balance for future reimbursement agreements with WPDA, Inc. (Whitaker Park Development Authority) for municipal infrastructure design and construction at Whitaker Park. The County completed one Reimbursement Agreement between Forsyth County, WPDA, Inc., and the City/County Utilities Commission for public water and wastewater infrastructure construction at Whitaker Park in a total amount of \$1,924,206.12, leaving \$425,793.88 in reserved General Fund fund balance.

WPDA has now requested the County authorize a Reimbursement Agreement between Forsyth County and WPDA Inc., for the remaining \$425,793.88, to support the design and construction of a public roadway, to be dedicated to the City of Winston-Salem upon completion. The proposed roadway will extend Akron Drive through Whitaker Park to connect to Reynolds Boulevard. The estimated budget for road design, engineering, and construction is approximately \$4,000,000, and the other sources of revenue for the project are approximately \$2.3 Million from the City of Winston-Salem, and approximately \$1.3 Million from the NC Department of Transportation. Lowder, Inc., was selected as the construction contractor.

This Budget Ordinance Amendment appropriates \$425,793.88 from General Fund fund balance to support the reimbursement agreement between Forsyth County and WPDA, Inc., to reimburse WPDA, Inc. for the design and construction of municipal infrastructure at Whitaker Park.

(1) WPDA covenants and agrees to expend the County funds which are the subject of this Agreement and perform services in consideration of the receipt of funds subject to the following provisions and restrictions:

- (a) WPDA shall design and construct roadway infrastructure improvements (hereinafter the "Improvements") within Whitaker Park as set forth in Exhibit A attached hereto, constructed in accordance with the requirements of the City of Winston-Salem for acceptance as a City street.
- (b) Upon completion of the Improvements, WPDA shall dedicate such Improvements to the City of Winston-Salem as a public City street.
- (c) Funds under this contract will be paid by the County to WPDA on a reimbursement basis pursuant to the provisions of N.C.G.S. 153A-451 upon the County's receipt of adequate documentation.
- (d) WPDA agrees to hold the County harmless from liability for any expenses which may be claimed against the County due to the administration of WPDA's contract to construct the Improvements.
- (e) WPDA shall contractually require its contractors comply with state and federal law in the performance of their obligations, including, but not limited to Article 2 of Chapter 64 of the North Carolina General Statutes relating to the required use of the federal E-Verify program to verify the work authorization of newly hired employees. Failure of WPDA to comply with this provision or to contractually cause its contractors to comply could result in the unenforceability of this contract under North Carolina law.
- (f) WPDA hereby certifies that it is not on the North Carolina State Treasurer's lists of persons engaging in business activities in Sudan (Darfur) or in Iran, or boycotting Israel, prepared pursuant to NCGS §§ 147-86.43, 147-86.58, and 147-86.81, nor will Provider utilize for this Agreement any subcontractor on such lists.
- (g) The proposed project to help fund the construction of the Improvements must meet the criteria established by the Forsyth County Board of Commissioners by September 25, 2015, ordinance under which Reimbursement Agreement may be authorized pursuant to N.C.G.S. 153A-451.
- (h) The County may suspend or terminate payment of County funding hereunder in whole or in part if WPDA fails to complete the construction of the Improvements on or before December 31, 2020, unless such delay is due to an event of Force Majeure.
- (i) The County contribution for the construction of the Improvements of up to four

hundred twenty-five thousand, seven hundred ninety-three and 88/100 dollars (\$425,793.88) must not be reimbursed to WPDA by any other source.

(j) WPDA agrees to solicit bids in accordance with Article 8 of Chapter 143 of the North Carolina General Statutes when awarding contracts for the construction of the Improvements to the extent that such would have been required if the contract had been awarded by the County.

(k) The County will make no payment under this Agreement so long as there is an outstanding debt or obligation due the County by WPDA. WPDA agrees that any debt it owes the County will be offset against any payments otherwise due WPDA under this Agreement.

(2) This Agreement is subject to termination for reasons described herein or in attachments hereto. The County may execute an extension of this Agreement in its discretion and in accordance with such additional conditions as it may require.

(3) WPDA shall provide the County reports and information as follows:

(a) WPDA shall provide on a quarterly basis a report of all funds received and expended for the construction of the Improvements and a report of the bidding and contracting activities for the Improvements. WPDA shall provide on an annual basis by June 30 of each year a report of the status of the design and construction of the Improvements and the work performed in the past year. WPDA will supply such records, information and verification as may reasonably be requested by the County relating to the expenditure of County and other funds related to the construction of the Improvements. WPDA agrees that the County shall have access to the records and premises of WPDA at all reasonable times, and WPDA agrees to submit such reports as the County shall request pertaining to the funds appropriated herein or the operations WPDA.

(4) WPDA shall furnish to the County a copy of their annual audit report performed by a certified public accountant as soon as such becomes available to WPDA but no later than six (6) months following the WPDA's fiscal year end.

(5) (a) The County may suspend or terminate the payment of County funds in whole or in part for any default under this Agreement by WPDA which is not cured within ten (10) business days following receipt of notice to cure from the County. The following actions, if not cured within ten (10) business days following receipt of notice to cure, shall be a default:

- (ii) Failure to comply with the terms and conditions of the Agreement;
- (iii) Submission to the County of reports which are incorrect or incomplete in any material respect;
- (iv) Any other material violation of this Agreement.

(b) In the event of Force Majeure, as defined herein, the Parties may mutually agree to extend the time period for performance under this Agreement for a period of time which is reasonably necessary to achieve performance without committing a breach of this Agreement.

(c) In addition, the County may suspend or terminate payment of County funds in whole or in part if WPDA fails to complete the construction of the Improvements on or before December 31, 2020 (subject to an event of Force Majeure, as defined herein, in which case, the time to perform under the Agreement may be extended by mutual agreement as set forth in subpart (6)(b) above), or to make other satisfactory progress toward meeting the project services which are the subject of this Agreement; and the determination of whether satisfactory progress has been made shall be in the reasonable discretion of the County.

(d) If the payment of County funds is suspended or terminated because WPDA has defaulted under this Agreement, which default remains uncured, by wrongfully seeking and receiving funds from the County in violation of this Agreement, WPDA, will promptly return the portion of the funds which the County determines were received by WPDA in violation of this Agreement.

(e) For the purpose of this Agreement, the term "Force Majeure" shall mean an event which is beyond the control of either party that substantially affects a party's ability to perform in a timely manner, including, but not limited to tornadoes, fire, floods, hurricanes or other natural disasters, confiscation or the exercise of eminent domain by any governmental authority, strikes, lockouts, riots, or other labor troubles or a national emergency, or similar causes not within either party's control, except that in no event shall the inability to fund the obligations as set forth under this Agreement be deemed an event of Force Majeure.

(7) Any and all alterations in the Budget, Restrictions and Conditions, or Reporting Requirements attached hereto relating to the County funds which are the subject of this Agreement shall be subject to prior review and written approval by the County.

(8) This Agreement and the County funds which are the subject of this Agreement are expressly nonassignable without the prior written consent and approval of the County.

(9) Non-expendable property purchased under this Agreement shall remain the property of WPDA, unless the attached Budget or conditions provide that such property shall become the property of the County.

(10) WPDA shall operate as an independent contractor, not employees of the County, and the County shall not be responsible for any acts or omissions of WPDA or for the negligent or intentional acts or omissions of WPDA's employees, agents, contractors, or other representatives or their willful or criminal conduct at Whitaker Park during the course of the construction of the Improvements. WPDA agrees to hold the County harmless from and against any and all claims, expenses including attorney fees, costs or liability for acts or omissions of WPDA or WPDA's employees, agents or other representatives relating to or arising during the course of the performance of this Agreement.

(a) Commercial General Liability Insurance. WPDA shall maintain occurrence version

WPDA shall place such insurance with insurers authorized to do business in North Carolina and having A.M. Best Company ratings of not less than A:VII. Any alternatives to this requirement shall require written approval of the County's Risk Manager.

(e) WPDA understands and acknowledges that these insurance coverage requirements are minimums and that they do not restrict or limit the hold harmless provisions of this agreement.

(13) WPDA has no authority to enter into contracts or agreements on behalf of the County.

(14) WPDA declares that it has or will comply with all federal, state and local laws regarding business permits, certificates, and licenses that may be required to carry out the activities to be performed under this Agreement.

(15) This Agreement shall be governed by North Carolina law, except that provisions regarding conflicts of laws shall not apply.

(16) WPDA agrees to be responsible for, and to appropriately supervise, its employees, agents, or other representatives who are onsite at Whitaker Park during the course of construction of the Improvements.

AMENDMENT TO
2018-2019 BUDGET ORDINANCE**

FROM: BUDGET & MANAGEMENT

MEETING DATE: May 23, 2019

EXPLANATION: On September 28, 2015, the Forsyth County Board of Commissioners adopted a Resolution authorizing \$2,350,000 in County funds to be reserved from General Fund fund balance for future reimbursement agreements with WPDA, Inc. (Whitaker Park Development Authority) for municipal infrastructure design and construction at Whitaker Park. The County completed one Reimbursement Agreement between Forsyth County, WPDA, Inc., and the City/County Utilities Commission for public water and wastewater infrastructure construction at Whitaker Park in a total amount of \$1,924,206.12, leaving \$425,793.88 in reserved General Fund fund balance.

WPDA has now requested the County authorize a Reimbursement Agreement between Forsyth County and WPDA Inc., for the remaining \$425,793.88 to support the design and construction of a public roadway, to be dedicated to the City of Winston-Salem upon completion. The proposed roadway will extend Akron Drive through Whitaker Park to connect to Reynolds Boulevard. The estimated budget for road design, engineering, and construction is approximately \$4,000,000, and the other sources of revenue for the project are approximately \$2.3 Million from the City of Winston-Salem, and approximately \$1.3 Million from the NC Department of Transportation. Lowder, Inc., was selected as the construction contractor.

This Budget Ordinance Amendment appropriates \$425,793.88 from General Fund fund balance to support the reimbursement agreement between Forsyth County and WPDA, Inc., to reimburse WPDA, Inc. for the design and construction of municipal infrastructure at Whitaker Park.
