

FORSYTH COUNTY

BOARD OF COMMISSIONERS

MEETING DATE: MAY 7, 2020

AGENDA ITEM NUMBER: 7

SUBJECT: RESOLUTION AWARDING AND AUTHORIZING EXECUTION OF A CONTRACT FOR JANITORIAL SERVICES FOR DESIGNATED FORSYTH COUNTY FACILITIES (GENERAL SERVICES DEPARTMENT)

COUNTY MANAGER'S RECOMMENDATION OR COMMENTS:

SUMMARY OF INFORMATION:

Since FY14, Forsyth County has worked to contract out custodial services at several County facilities. This initiative began as a response to high turnover and high vacancy rates in custodian positions. The County has eliminated 18 vacant custodian positions totaling an estimated \$575,411 in total compensation dollars while also decreasing both the equipment and supply budgets of the General Services Department. Most recently, in FY18, the Forsyth County Board of Commissioners approved a contract with American Facility Services, Inc., to clean designated County facilities for a period of three years. The contract included charges for labor, equipment and supplies. The FY20 cost of this service, for 17 County facilities totaling approximately 700,000 square feet, is \$723,480 or approximately \$1.03 per square foot.

This service was recently rebid through the City/County Purchasing Department and a panel of three County staff members independently scored each response using the criteria that was advertised in the RFP. The scoring panel consisted of the General Services Director, General Services Assistant Director and Facilities Services Manager. There were seven total responses to the RFP. After all responses were evaluated, it was determined that American Facility Services, Inc., received the highest number of points and was therefore deemed to be the most qualified bidder. The three-year initial contract cost is \$2,008,800, or \$669,600 per fiscal year. This cost includes charges for equipment, supplies, and labor. In summary, 17 County facilities totaling approximately 700,000 square feet are included in the contract and will be cleaned for a cost of approximately \$.95 per square foot per year.
